

Henderson Trucking congratulates Glen Fraser for Two-Million Safe Miles Driven

CASEYVILLE, IL, March 17, 2021 – Earl L. Henderson Trucking, Caseyville, IL, is pleased to honor **Glen Fraser** for earning the milestone of Two-Million Safe miles driven with the company.

Glen began his career at Henderson June 4, 2002. He earned his 2 MILLION safe miles with Henderson Trucking in 2020. However, Glen’s driving career spans 38 years and approximately 6 MILLION miles. Glen served our country in the United States Navy for 4 years. After his military service, Glen spent a couple of years working in the furniture business, before earning his CDL. After about 12 years of driving as a company driver, Glen purchased his own truck in 1995 (a 1996 Kenworth T2000). The truck he owns now is a 2020 Kenworth T680.

Born and raised in Weymouth, MA, Glen spent his younger years on a lake—which backed up to his childhood home—boating, swimming, fishing, ice-fishing and playing hockey. His Mother Charlotte still lives in the same spot. The original family house was razed and replaced with a new house. Family is extremely important to Glen; and he is the in the middle of five siblings. Paula, Sheila, Brenda and Jimmy. Speaking of family, a very interesting routine of Glen’s is that he calls his Mom every evening. That is one lucky Mom!

Although a big fan of all sports *Boston* (Patriots, Bruins, Celtics and Red Sox), baseball is his favorite. He grew up attending baseball games at Fenway Park. He has been able to watch his Red Sox play at numerous other MBL ballparks, including Dallas, Houston, Minneapolis, Atlanta, Seattle, St. Louis, Phoenix, Kansas City and Cleveland. Last year, he purchased his airline ticket to Toronto. However, the Toronto trip is now on hold with a 48-month voucher until Covid-19 comes to a safe closure. Included in his bucket list of ballparks to visit are Tampa, Miami, Los Angeles, San Diego and Anaheim.

A few other things Glen enjoys when he's not working (which is not very often), are cruising around in his 2002 Corvette and traveling. He purchased his Corvette brand new 20 years ago. He has plans with a close friend to travel from her hometown in Alabama first to Boston (to meet the family), then to Iceland and finally to Barcelona, Spain to cruise the Mediterranean.

When asked about his very successful career, Glen is humble, and doesn't have a lot to say about himself. He believes that it's simply that he cares about his job. He also notes that he has never turned down a load in his entire career.

THANK YOU, Glen, for your years of service and over 2 MILLION miles given to Henderson Trucking! Glen will be honored at an awards banquet later this spring.
